- COOK AFTER LOGIN :

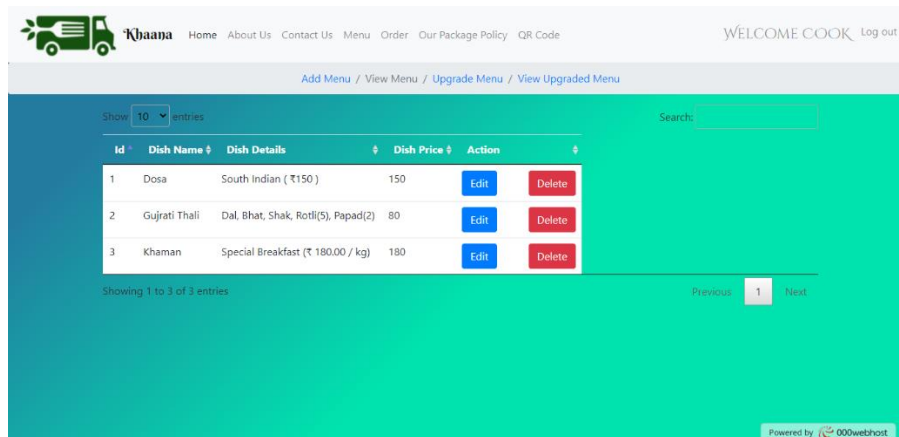

- When cook do login such home page will appear.

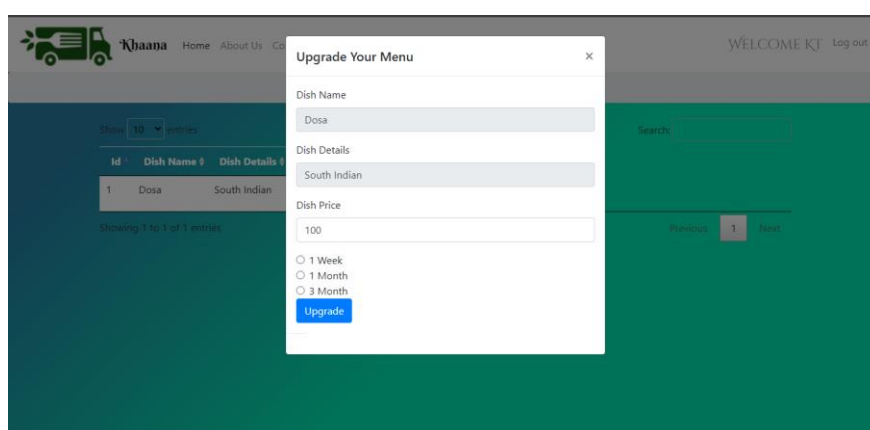

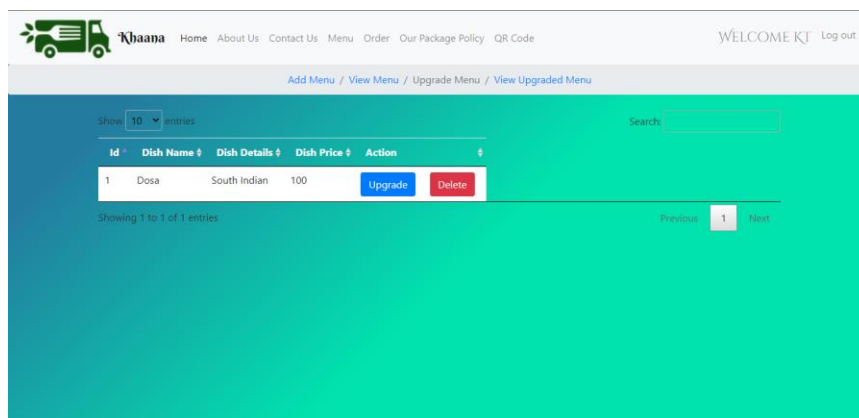

- When cook click on menu > add menu, cook will be able to add a menu in which cook has to enter dish name, details, price and image.

The screenshot displays the 'Add Menu' form on the Khaana.in website. The header is identical to the previous screenshot. Below the header, there is a navigation bar with links: 'Add Menu / View Menu / Upgrade Menu / View Upgraded Menu'. The form itself has a teal background and contains four sections: 'Dish Name' with a text input field labeled 'Enter Dish Name'; 'Dish Details' with a text input field labeled 'Enter Dish Details'; 'Dish Price' with a text input field labeled 'Enter Dish Price'; and 'Dish Photo' with a 'Choose File' button and the text 'No file chosen'. At the bottom of the form are 'Submit' and 'Cancel' buttons. The footer indicates the site is 'Powered by 000webhost'.

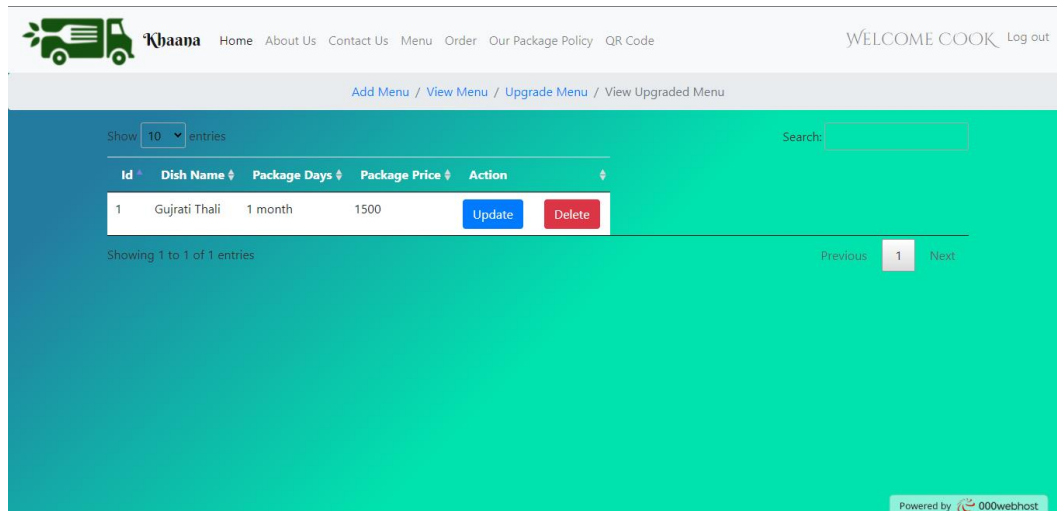

- When cook click on menu > view menu, cook will be able to see all details of all menu and cook can update and delete menu.

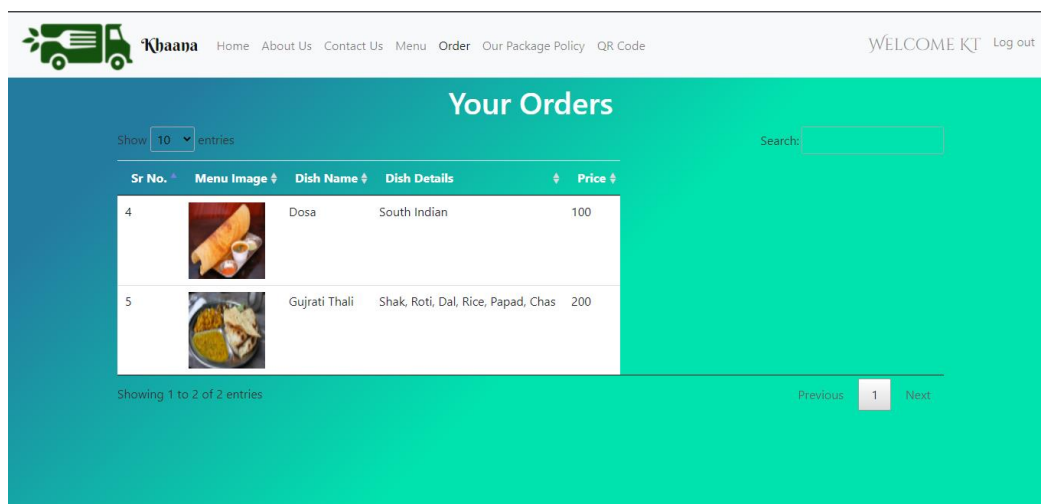

- When cook click on menu > upgrade menu, cook will be able to upgrade menu and delete it.

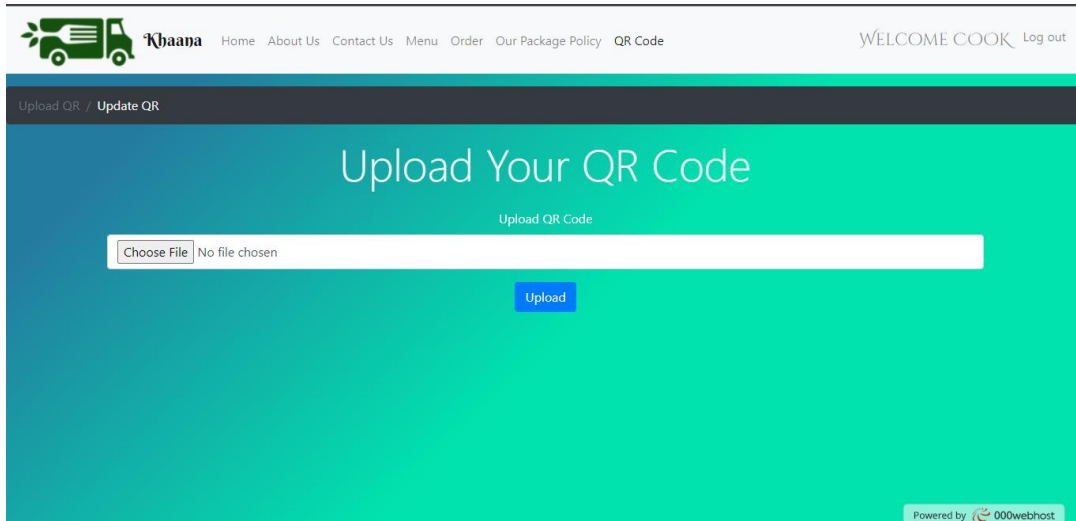

- When cook click on menu > view upgraded menu, cook will be able to all upgraded menu and delete it.

- When cook click on order, cook will be able to see all orders that user has ordered.

- For receiving payment cook has to upload his/her qr code to receive payment.

- If cook want to change/update his/her qr he/she can change it here.
